Söll am Wilden Kaiser

## *The Franzlhof*

**MAKES HOLIDAYMAKERS' HEARTS BEAT FASTER**

*Customs and agriculture shape the people who live here. Traditions look back on a rich past, are lived more than ever, proudly, honestly and not as a staging for tourists.*

*And yet, one can no longer separate one from the other: Thanks to the tourist development in our country, farmers can preserve their structures and at the same time set a magical attraction for guests from all over the world.*
